How to use this sheet:

1. Decide how much you would like to donate for each time you use a faucet or toilet.
2. For one month, keep track of faucet and toilet use by marking that day's box and then tallying the marks.
3. At the end of the month, sum the daily totals and multiply the grand total by the amount you decided.
4. Make your gift to Lifewater to help schoolchildren stay healthy and realize their dreams.
5. Give thanks for another month with safe water and adequate sanitation!

Our Fundraising Goal: $

(Times we used the faucet/toilet this month: _____ x Amount we have committed to donate for each time we use the faucet/toilet: _____) + Additional contributions: _____ = Total amount we raised so that schoolchildren can have WASH:
